PAYMENT PLAN POLICY:

Payment is due before the start of classes. However, Illinois Welding School (IWS) is committed to helping individuals pursue their welding career dreams, even when the finances may be a hindrance. All tuition ideally should be paid prior to starting the welding training. However, for those individuals who need assistance in paying their tuition, a payment plan has been implemented. IWS is offering a payment plan that does not involve a credit check or any additional finance charges, with the exception of credit card fees, while at the same time maintaining operational costs, in an effort to make pursuing a welding career doable. With this in mind, the following particulars will apply to this payment plan:

1. A written arrangement will be established with the student and IWS.
2. If the payment is not made or arrangements made on the day the payment is due, the student may be sent home. Until the payment is paid or arrangements made, the student may not be allowed to attend the school, at the discretion of the administration.
3. If a student is on a leave of absence and still does not adhere to the payment plan arrangements, their booth space may be given away.
4. In the event that a student has been expelled from the school, the following refund schedule will be applied:
 - A. IWS will pro rate any monies due in accordance with time in attendance & monies paid by student.
 - B. Any monies remaining; will be returned back to the student.

Illinois Welding School reserves the right to cancel or change a class start date. In the event that that occurs, a new enrollment agreement would need to be issued. Also, if this occurs, the student may request a full refund of all monies paid or apply previous payments to another scheduled start date.

There are attachments presented with this Enrollment Agreement. They are:

- o Illinois Welding School Catalog (includes Veteran’s Addendum)
