

On behalf of *RHM Staffing Solutions*, it has been a pleasure partnering with the staff and students of the *Illinois Welding School (IWS)*.

As a leading staffing provider for manufacturing companies throughout Illinois, we lean on the *Illinois Welding School* as a mutual partner to benefit graduate students and excel their career within welding.

The students involved in the program obtain the necessary skills and attributes to be successful in both a technical and professional manner.

The *Illinois Welding School* is a prestigious institute that grants opportunity for individuals that strive to succeed.

RHM and I look forward to working with IWS for years to come!
